About Us

China Inspection Consultancy (M) Sdn Bhd is an independent third party certification and inspection organization dedicated to providing inspection, verification, certification and testing services, accredited by the Certification and Accreditation Administration of the People's Republic of China.

CICMSEA has been appointed as a partner of China Certification & Inspection Group Beijing Co. Ltd., (CCIC) to carry out retail food labelling, inspection and testing consultation services in MALAYSIA and South East Asia.

We are a comprehensive one-stop service provider for regional clients in the fields of food, beverage, cosmetics and health. We enjoys great reputation worldwide and is the most influential and comprehensive multi-national inspection & certification organization in Malaysia.

We will make constant effort to expand its business scope, improve its service quality, and promote CICMSEA as trustworthy brand to feed the needs of its clients. With its international operation experience, cutting-edge technologies and global business network, CICSEA provides clients with impartial, efficient, reliable, standardized and localized services.

Gateway to China

Introduction

CICMSEA has been actively involved in assisting South East Asia's entrepreneurs to position their products in China. For this purpose we have launched a program called "Gateway to China".

We have the full support of the Government of the Republic of China to jointly implement this program.

With the power of the both parties, a coalition of cooperation has been organized to assist Halal entrepreneurs to seize the huge market potential in China.

Gateway to China PROGRAM

The Gateway to China PROGRAM

- China Gateway Program is an intensive program for Halal product manufacturers throughout the world which aim to promote Halal products into China.
- The program covers all aspects of marketing that will help the manufacturers and the entrepreneurs to expand their markets into China.
- Provide opportunities and create demand for Halal products in China.
- Currently, we have an agreement with Lanzhou Free Trade Zone authorities (Butterfly Mall) and Maoming Free Trade Zone.
- More than 3,500 outlets consisting of Hypermarkets, Supermarkets and Minimarkets throughout China.

Organizations or companies set to profit from regulated substances or products must provide the evidence to prove that these substances are safe or, in the case of health claims, that these are backed by sound science. We are the first point of call for all applications. We provide support to applicants and other stakeholders on all applications evaluated by CIC Group of companies. We carry out the initial administrative steps of all applications. These include the registration of all received applications and a completeness check of the information received with the submitted application.

The procedures for submission of applications and the required information vary widely. Dedicated legislation governs the way an application has to be prepared in each specific area. CIC Group of companies has developed guidance documents to support the preparation of an application in the various scientific areas.

How Does It Works

[illegible]

Our Strength

Comprehensive Customs Services

Cross border clearance hassles are a thing of the past with our integrated customs systems that connect online retailing logistic with real-time data transmission.

Experienced Sourcing Distributor and Market Segment

Regular seminars, manufacturer's networking and direct sourcing facilities ensure that your supply chain journey starts on the right footing.

Government Support

With strong collaboration between PR China and CIC Group of Companies, we have the advantage in shorten the time of application and clearance of goods. With this strength we can guarantee that every product will enter into the China market within 60 working days.

Targeted Market

As our business have grown matured, we have identify and segmented the market into the particular group of consumer. Wholesalers, distributors, resellers, on-line buyers and the international distributors are in our database system where they are ready to accept multi range of products.

Comprehensive Warehousing Services

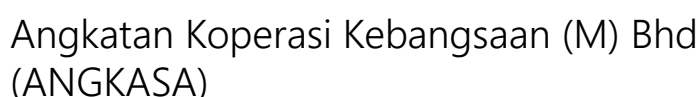

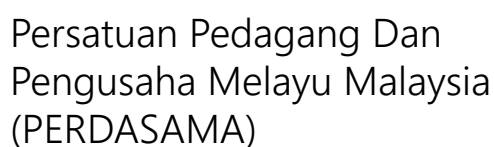

Our leverage on sturdy, large-capacity and multi-functional warehouses improves real-time visibility across the supply chain, with transparent view of customer orders.

Intelligent Authentication

CICMSEA system assigns each product a unique identity, guaranteeing the authenticity of the item and reputation of the manufacturer. Every label license and distribution rights of the product are exclusive to the manufacturer.

Excellent Team

Our professionals from multiple fields and expertise are on hand to ease manufacturers woes and exceed consumer's expectation.
